

Parents must ensure that the child has appropriate food and clothes, and live in a warm, clean house, is healthy and safe.

#### Every child should be involved in self-care and clean-up works at home according to age.

### It is unacceptable that the child is left without care.

#### Children up to seven years of age must not be left without an adult or at least a 13-year-old child monitoring.

# Every child has the right to adequate health services.

## The child also has a duty to take care of his or her health.
